Hiring Team
Emirates

Dear Hiring Team at Emirates,

I am excited to submit my application for the Cabin Crew position with Emirates. With a strong background in customer service, hospitality, and client relations, combined with a passion for delivering world-class experiences, I believe I am well-prepared to contribute to the excellence that defines Emirates.

During my time as a Sales Agent for NovusPay, I developed exceptional communication and problem-solving skills, working directly with businesses in the UK to provide tailored payment solutions. This experience strengthened my ability to understand customer needs, resolve issues efficiently, and deliver outstanding service in a fast-paced environment.

Additionally, my role at Riad Safran & Cannelle in Marrakech allowed me to welcome international guests, manage bookings, and ensure their comfort throughout their stay. I take pride in creating positive, memorable experiences for people from diverse cultural backgrounds — a key aspect of working with Emirates.

Having also worked as a freelance graphic designer for international clients over the past seven years, I have developed strong attention to detail, adaptability, and a deep appreciation for professionalism and presentation.

I am fluent in Arabic, English, and French, with basic knowledge of German, which allows me to communicate effectively with people from different nationalities. I thrive in multicultural environments, and I am motivated by the opportunity to represent Emirates with professionalism, warmth, and dedication.

I would be honoured to bring my skills, energy, and passion for service to your team. Thank you for considering my application. I look forward to the possibility of contributing to the exceptional experience that Emirates is known for.

Kind regards,

Noureddine Achbili
